Guest Speaker Coming to Moran ISD!

We are thrilled to announce that **Rushia Brown**, a former WNBA player, will be visiting Moran ISD on **September 25, 2025**.

Rushia brings with her a wealth of experience, having played ten years of professional basketball overseas in Spain, France, Greece, and South Korea. During her visit, she will share her inspiring personal journey and speak to students on perseverance, motivation, faith, and the power of dreaming big. Rushia is a highly respected and experienced speaker who has engaged with thousands of schools across the country.

We want to assure your families and community that Rushia's presentation will align with all district policies and will not include any content prohibited under Senate Bill 12, which prohibits public schools from teaching about gender identity or sexual orientation.

Thank you for making this a powerful and meaningful experience for all your students!

Sincerely,

Jules Azzato, Outreach Director
