Independent School District

Update for 2025-2026

New State Law (HB 1481) Bans Student Cell Phone Use During School Day

The new law requires districts to prohibit students from using personal devices, such as cell phones, tablets, earbuds, headphones, smartwatches, and other communication devices, inside school buildings during instructional hours.

Students will be required to turn off their electronic devices and place them in the front office at the beginning of the day. The devices will be locked in a secure location and returned to the student at the end of the day.
